

**THE RESPONSE OF
THE MANCHESTER GROUP TO
DATA REQUESTS NG-MAN 1.01 THROUGH NG-MAN 1.34 OF NICOR GAS**

ICC DOCKET NO. 09-0301

NG-MAN 1.12 Referring to lines 92-93, please confirm that the “all other factors being roughly equal” includes price; that is, please confirm that the assertion that the response rates is four times greater compared to direct bill assumes that the price is the same under both options.

RESPONSE:

Manchester objects to this Data Request as vague, ambiguous, and confusing. Without waiving those objections, Manchester confirms that the quoted statement is fairly interpreted to assume that the price is the same under both options.
